

15L - 800 MHz CCCS

Operational Summary

Description:

The 800 MHz Countywide Coordinated Communications System (CCCS) Fund 15L was established as an interest-earning fund in FY 95/96. The purpose of this fund was to provide separate accountability for the implementation of this new coordinated communications system, which is serving the law enforcement and public works agencies of the County and 31 cities. City and County funds to meet

expenses under the contract with Motorola Communications and Electronics, Inc. were held in a separate escrow account; this fund now includes contract reserve funds. In addition, miscellaneous communications expenses (such as rents and utilities for the remote sites) are paid from this fund.
